We the voters can

- End the Iran war
- Restore government of, by, and for the people
- Win world-class benefits
 - Universal health care with low co-pays and no connection to employment
 - 5 weeks paid vacation, plus holidays and paid sick leave.
 - Up to 18 months of paid parental leave for the birth of a child
 - Heavily subsidized, high quality child care
 - More secure retirement systems
 - Better unemployment and disability benefits
- Reduce extreme wealth inequality without lowering anyone's standard of living.

We have to work fast. Powerful interests are raising money for propaganda to help candidates who will serve them instead of the people — and to hurt candidates who oppose them.

But **Congress will respond** if enough voters show that we understand the problems, know the solutions, and demand action.
