

WE'VE BEEN HAD!

ICE · WAR · COST OF LIVING · INFLATION · TRUMP
We can deal with today's crises while we reclaim our government.

A small, wealthy minority — both Republicans and Democrats — took control of our government.

They used their wealth to flood elections with propaganda and elect candidates who would do their bidding and give them an ever-growing share of the nation's wealth.

They made government of, by, and for the rich.

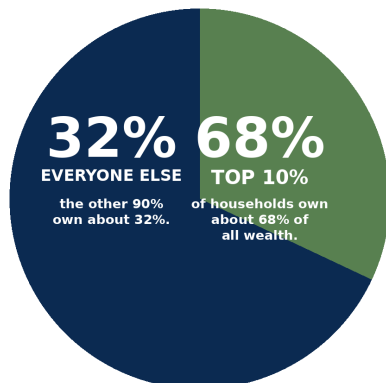

**VOTES ARE MORE POWERFUL THAN MONEY —
AND WE HAVE A WHOLE LOT MORE OF THEM.**

When Congress realizes that we understand what happened and know how to reclaim our government, they'll have to listen to us — not just to the donors.

The website shows how to make it happen.
